## Respect Human Dignity!

“ALL HUMAN BEINGS  
ARE BORN FREE AND EQUAL IN DIGNITY AND RIGHTS.  
*They are endowed with reason*  
**AND CONSCIENCE**  
AND SHOULD ACT TOWARDS  
**ONE ANOTHER**  
IN A SPIRIT OF BROTHERHOOD.”

Dear friends,

The **contempt for human dignity** is more and more present all around the world. It could not have been otherwise, it **is the result of deleting God's existence from societies and cultures**.

When Alkesandr Solzhenitzsyn returned from exile warned about this but nobody has listened to him and in each country and continent, erasing God, also human dignity is cancelled in order to “treat **people as objects**”.

Our commitment and the project on which we have worked for some time has gone to the heart and we would like to publish the **first important document about mankind** in many languages by next December. It will demonstrate if and how every **country respects and supports citizens' human dignity**.

### [SUPPORT AND DONATE](#)

It is an important instrument with **scientific basis**, objective and irreproachable; many experts and ngo's around the world are making an important contribution to the content with ideas and suggestions.

It is a **document that can be easily used** by everyone in the society but also by religious and political leaders.

It is a **dissemination tool**, available in nowadays situation, it is **provocative** and it will have answers that can't be general or casual.

Does your country respect new born's life? Is euthanasia or palliative care to elderly preferred? Do young people have real job possibilities? Are families helped? Is freedom of education possible? How many suicides happen? Which is the age range? Do minors, among migrants or not, disappear? Is human life protected? Are parents' and children's rights at school protected or gender ideology is imposed?

### **SUPPORT AND DONATE**

In 2018 we celebrate the **70th anniversary of the Declaration of human Rights** (10th December 1948), it is our possibility to restore the truth. **Human dignity is the basis of human rights** and it was the common inspiration for the promoters of the Universal Declaration.

Human Dignity of a person, created in the image and likeness of God, does not depend on physical, spiritual or social condition. Every country and every International Organization **has the duty to respect and promote human dignity**.

A reductive vision of human being, **abolishing human dignity opens the way to the spread of injustice, social differences and violence**.

*"I think primarily of innocent children discarded even before they are born, unwanted at times simply because they are ill or malformed, or as a result of the selfishness of adults. I think of the elderly, who are often cast aside, especially when infirm and viewed as a burden. I think of women ..... I think too of the victims of human trafficking, which violates the prohibition of every form of slavery. "*

*(Pope Francis, 8th January 2018)*

Let's provide an effective response to these problems so that Human dignity is respected!
