The little baby comes for everyone

Dear friends,

The little baby is coming into the world; He's coming for good people but for the bad ones too.

In the western world Christmas is losing its real spirit, there is only the commercial part of the festivity but anyway He is coming for everyone.

Nowadays there is such a confusion that is more and more difficult to recognize the signs that came from the past centuries, even if the Little Baby is coming for everyone.

That Baby is so little that every year comes again and meets us in the depths of our heart to redeem us from the chaotic loneliness of the modern world.

There is such a distraction, such a big wickedness that we organize to attack again

newborn in these last weeks before Christmas too.

European parliament and commissioner for human rights in the European council strongly insist and claim to impose to all abortion.

A devil rhythm repeats again and again and it is clear: the king and his power want the complicity of the magi to kidnap and kill the baby who is coming from the intimacy of the world to save it from the deepest.

Nothing in the sin is new, the lovely surprise that god does to humanity is always new.

A little baby is coming to all who are waiting and to all who want to kill Him.

A little Baby is coming to save us all, to save all the children in the world and adults who still have the heart of a child as we have.

The world is not changing, the forces of evil keep coming but Herod and them won't be guilty of the murder of the Innocents.

A little baby, baby Jesus, God who became man, is the person who wins the world and makes Christmas the real Christian Christmas.

Without that baby, if Jesus hadn't been born, no Christmas would have been, there would have been only Herod, European edits, complicity of countries to kill children.

They look for baby Jesus, they want to kill Him, to eliminate the memory of Him and of His presence. But Jesus comes to us and to His murderers.

Thank you for your prayers and attention
