

# NOVAE EPISTULAE

## Isaiah, Alfie, Charlie and...Lucas a choir of angels

Dear friends,

**Isaiah is going to die**, people in charge of his care, doctors in London, are trying to let him die before his parents could bring an appeal before the English court so that the hospital can't end life support treatment.

Two days ago, **Alfie Evans' life support** is set to be withdrawn, after a High Court ruling decided continued ventilation treatment would compromise his **"future dignity"**.

Last summer **Charlie Gard** was in the same situation: a judgment of the British Court condemned him and his parents could do anything to oppose it. There was no respect for both baby's life and dignity and parents' rights.

A Court, respectable men in their wigs, **decides who should live or who should die**. Six months ago Charlie, now Alfie, tomorrow Isaiah.

**No compassion for sick people, parents, children.**

Promoting the human right of children and parent's rights researching on them as we doing on **Human Dignity Global Index**, we should enlight the crucial role of children, parents and health care system.

### **SUPPORT AND DONATE by your Credit Card**

Isaiah's parents are fighting, as Charlies' one did, but justice has lost its way in our Western world, it doesn't protect anymore the most vulnerable people in our society, it does not save anymore babies and weaknesses from death.

Isaiah dad's said : **"why don't you wait? And want to kill him? Wait! Once he has died you couldn't bring him back to life!"**.

It is the voice of all dads and moms around the world; they scream at us.

**Promoting and defending human dignity from conception is not a formal and empty exercise, it is a concrete commitment by all of us.**

From now on we can surely state that Charlie, Alfie, Isaiah and the great number of children killed in their mothers' wombs **will be proclaimed "blessed"**: blessed Charlie Gard, blessed Alfie Evans, blessed Isaiah Haastrup, blessed innocent children killed in many countries because suffering from down syndrome according to a medical test. They have been persecuted and killed by the in-justice, the trend, the new culture of death that is killing everyone.

**Support us and our Human Dignity Global Index to stand up for children, parents and health care rights !**

### **SUPPORT AND DONATE by your PayPal**

There is a **hope of change**, a small sign that invites us to look to what is good and not resign ourselves to tragedy.

**Lucas** is a one-year-old child suffering from down syndrome. He has been selected to appear on all the multinational Gerber products boxes. A sign, a good sign that

things can change.

It is necessary only **a little effort, our strong decision to change** our view of the world.

Support us and our Human Dignity Global Index to promote children, parents and health care rights !

### **DONATE NOW by Bank Account**

It is true, the **world looks more and more upside down**, but it doesn't look up to the Sky. Some people want a revolution that pulls everyone down.

It is **our responsibility in this upside down world to look up to the Sky**. Only this daily commitment will change the world.

Thank you for your help, prayers and attention !
