

**Dear friends, good afternoon, I'm sorry to disturb you again.**

Few weeks after the beginning of our initiative, the Italian emergency continues and now it shows all the dramatic effects on families, as we unfortunately had foreseen.

Many families have run out of the financial resources necessary for sustenance and they are in a condition of total poverty and often do not have the money necessary to buy even basic necessities.

Many have answered our appeal and we ask you to continue to support our fundraising campaign for families, I want to thank all those who have already contributed and those who will, I also thank all those who are supporting us with prayer.

For organizational reasons related to the emergency, we have not yet individually thanked all the donors and send out all receipts because, in compliance with the law, the administrative structure of our foundation is working with a reduced number of collaborators.

Therefore, for the moment, please accept my collective thanks .

I want to confirm that our commitment continues unceasingly.

But...it depends on you!
